During the 90s Le Tone had a major hit, "Joli Dragon", and devoted himself to music for 15 years before progressively moving towards illustrative art. Since 2011 his creations have been exhibited in famous places such as the Pompidou centre. An admirer of artists who know how to make the best use of colour, Le Tone confesses to having a weakness for black and white, which he uses to tell simple stories by using felt pen drawings in notebooks.

1974

Citroën launches CX. It's the ultimate mix of technical innovation and advanced design with the engine and gearbox positioned together at the front. Sophisticated hydropneumatic suspension, concave rear screen and a futuristic dashboard help it to succeed amongst more ordinary rivals.

2019

The spectacular design of the 100% electric 19_19 Concept is inspired by aeronautics and pushes comfort to the extreme, with a lounge on-the-move experience created by intelligent suspension. It also provides autonomous driving, a personal assistant and a range of 500 miles.

CITROËN Origins

CLICK ON THE LOGO TO FIND OUT MORE

Discover the models that make up Citroën's extraordinary history, from 1919 to the present day.

1934

Citroën revolutionises the automotive landscape with Traction Avant. The famous name relates to its ground breaking front wheel drive engineering.

1939

Citroën launches 'TUB', a supremely practical modern design with a sliding side door: its successor is the famous Type H, above, launched in 1948.

1948

The much-loved 2 CV is created as a "safe and economical vehicle, able to carry 4 people on-board and 50 kg of luggage". More than 5 million are made.

1955

Unveiled to a stunned public at the 1955 Paris Motor Show, DS takes futuristic design to new heights. Its stunning aerodynamic shape, created by Flaminio Bertone, earns it the nickname 'flying saucer'. Under the skin it's just as advanced.

1968

It's a golden age for light and agile vehicles like Ami 6, Dyane and Mehari, a unique design for all roads and multi-purpose use.

1970

The modern looks and neat style of GS will see it remain one of the most aerodynamic and comfortable vehicles on the market for years to come. Equipped with a flat 4-cylinder engine and hydropneumatic suspension, this hatchback will go on to sell around 2.5 million units.

COMFORT

The Citroënist
Est. 1919

Contemporary and welcoming, Citroën Grand C4 SpaceTourer's interior has been designed to ensure serenity reigns supreme. The CITROËN ADVANCED COMFORT® programme delivers innovative, technological and intelligent solutions to create wellbeing for drivers and passengers alike, and confirms Citroën's driving-comfort credentials. Four main themes are at the heart of this comfort engineering: the cocoon effect, practicality, fluidity and peace of mind.

FILTER

INTERIOR SPACE

FOR GREATER COMFORT

Citroën Grand C4 SpaceTourer perfectly demonstrates Citroën's interior expertise. Welcoming, bright, spacious and warm, it feels like home from the moment you jump in.

In the rear of Citroën Grand C4 SpaceTourer you'll find three accommodating individual, full size, tilt and slide seats. You'll also find an aircraft-style fold down picnic table set into the back of both front seats*.

Naturally there are plenty of useful storage spaces. In the front there's a glove box, a central compartment with USB, and a roomy storage box between the front seats. There are also handy drawers* under each front seat for personal odds and ends. In the back you'll find two under floor storage spaces and generous seat back pockets.

**Available on selected models.*

HANDS-FREE ACCESS*

One of many useful innovations in Citroën Grand C4 SpaceTourer is the hands-free tailgate. Approach the car with your hands full and all you have to do to get access to the boot is move your foot in front of the sensor mounted under the rear bumper and the tailgate will open or close. Loading just became hassle-free.

Citroën Grand C4 SpaceTourer also benefits from a remarkable boot volume of 645 L, which increases to 704 L when the rear seats are moved forward and folded flat. Even the front passenger seat folds into a table*, or completely flat to fit really long loads.

* Available on selected models.

** Boot volume with seats advanced to the maximum in row 2.

PANORAMIC

WINDSCREEN

LIGHTEN UP!

Citroën Grand C4 SpaceTourer specialises in maximising natural light everywhere. The sweeping panoramic windscreen provides ultimate visibility for all passengers whilst letting in all available light. Add the panoramic sunroof* and you create a feeling of bright, open spaciousness that transforms every trip.

* Available on selected models.

ULTRA CONNECTED

FOR EVEN MORE INTUITIVE TECHNOLOGY

Through the clear, smartphone inspired 7" touchscreen interface you can instantly access all the information offered by Citroën Connect Nav*. With a comprehensive range of real time navigation details, the system includes route planning, traffic information, potential hazards, weather conditions, fuel prices and even parking availability. Citroën Connect Nav can also read your emails and text messages audibly, so you never have to take your eyes off the road to read them. The Mirror Screen function allows you to use compatible applications from your smartphone on the 7" touchscreen (works with Apple CarPlay™ and Android Auto).

In addition to the 7" touchscreen, there is also a 12" panoramic HD display, which brings you all the vital driving information. It also allows you to see 3D navigation maps in perfect HD in large format for easy reading. This impressive screen can be easily personalised to feature Driving Assistance Systems, multimedia or trip computer information. Wherever you go, you'll be very well connected*.

* Standard on Sense and Shine. Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

⊘ CAN BE DEACTIVATED

⊘ CAN BE DEACTIVATED

SPEED LIMIT RECOGNITION SYSTEM

This technology recognises and conveys speed limits as you drive, displaying them clearly in the instrument cluster. All recorded limits can then easily be set in the cruise control or speed limiter.

DRIVER ATTENTION ALERT

This ingenious driving aid assesses driver attention level by monitoring changes in vehicle distance from road markings. This function is particularly suitable for roads over 40mph.

360° PARK ASSIST

A prime example of technology making life easier, 360° Park Assist uses four cameras discreetly positioned around the car to make every manoeuvre stress free. You can choose the 360-degree view that gives you a bird's eye picture of any hidden obstacle around you, rear view for accurate reversing, or front panoramic views for both the left and right sides. When it comes to narrow gaps and tricky moves, nothing stands in your way.

AUTO INTELLIGENT BEAM HEADLIGHTS

A great safety feature, your lights switch from main beam to dipped automatically when oncoming traffic is detected.

CORNERING FUNCTION

This extra light beam increases visibility and safety around tight bends and at junctions.

PARK ASSIST

All you need to do is find a parking space, then let Park Assist do the rest. It automatically manoeuvres the car perfectly into place while you simply look after acceleration and braking.

ACTIVE BLIND SPOT MONITORING SYSTEM

This system gives you an instant visual warning if there's a vehicle in your side mirror's blind spot, and it's active from 10mph. If a driver doesn't react to the flashing warning and moves into the path of a hidden vehicle, Active Blind Spot Monitoring guides the steering back in the direction of safety.

DRIVER ATTENTION ALERT SYSTEM

An advanced safety feature, Driver Attention Alert System can sense if a driver is becoming drowsy and send clear visual and audible signals – it knows when you need a break.

Available Driving Assistance Systems vary by version and may be standard equipment or added as an optional extra. Please check with your Citroën Retailer at the time of ordering your vehicle.

15 DRIVING ASSISTANCE SYSTEMS

∅ CAN BE DEACTIVATED

ACTIVE SAFETY BRAKE

Here's a reassuring emergency system that helps you to avoid low speed collisions. It detects obstacles such as vehicles that have stopped in front of you and provides a warning of possible impact. If the driver fails to react, the system will apply the brakes automatically.

∅ CAN BE DEACTIVATED

EMERGENCY COLLISION ALERT SYSTEM

Using a front mounted sensor, the Emergency Collision Alert System alerts you to the risk of a collision and operates from 20mph.

COFFEE BREAK ALERT

This system reminds the driver to take a break on long journeys, for example after 2 hours at average speeds over 40mph.

HILL START ASSIST

Hill Start Assist holds the car for 2 seconds when you pull away on steep inclines of over 3%, allowing you to make safe, smooth progress.

REVERSING CAMERA

The moment you engage reverse gear, this system brings you a clear picture of what's going on behind you, complete with visual guides to assist accurate placement. The reversing camera uses the 12" panoramic HD screen where this is fitted, or the 7" touchscreen interface.

AUTOMATIC ELECTRONIC PARKING BRAKE

This system automatically applies the parking brake when the engine is switched off and releases when you move off. It is also possible to apply and release manually.

ADAPTIVE CRUISE CONTROL

Using its sensor, Adaptive Cruise Control detects the vehicle in front and automatically maintains a safe distance, selected by the driver in advance. The system will bring the car to a stop if necessary. On vehicles fitted with a manual gearbox, the system disconnects below 18 mph.

Available driving Assistance Systems vary by version and may be standard equipment or added as an optional extra. Please check with your Citroën Retailer at the time of ordering your vehicle.

CLASS LEADING ENGINES

Citroën Grand C4 SpaceTourer features a range of diesel and petrol engines that simply don't compromise. Strong, flexible performers, they produce benchmark CO₂ emissions and achieve favourable fuel consumption figures. There's a refined and advanced petrol engine, the PureTech 130, plus a diesel option, the BlueHDi 130. Each one available as manual or automatic and equipped with Stop & Start technology to minimise consumption and emissions.

Citroën Grand C4 SpaceTourer also allows you to benefit from unrivalled suspension comfort, ensuring a balance between road holding and driving pleasure.

EFFICIENCY WITHOUT COMPROMISE

Citroën Grand C4 SpaceTourer is now available with the 8-speed EAT8 automatic gearbox which also drives down CO₂ and maximises fuel efficiency, by managing engine speed smoothly and precisely during gear changes.

With a high pressure direct injection and a new generation Turbo of high efficiency (running to 240,000 rpm), the innovative and lively 3-cylinder turbo charged PureTech 130 S&S EAT8 engine provides very comfortable driving at low rpm. It displays the best low-end torque/performance of the market: 95% peak torque is available from 1,500 to 3,500 rpm for optimal use in all situations.

⁽¹⁾ Figures shown are for comparison purposes and should only be compared to the range values of other cars tested to the same technical standard. The range achieved in real world conditions will depend upon a number of factors: (including but not limited to) the accessories fitted (pre and post registration), variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption (and zero emissions range) and CO₂ figures. These CO₂ figures are used to calculate the Vehicle Excise Duty (VED) for the first registration of the vehicle. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

• **CITROËN WARRANTY**
Every new Citroën car has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

• **CITROËN ASSISTANCE**
Citroën Assistance brings rapid expert roadside assistance to you in an emergency in response to a telephone call. It comes free of charge for a full year and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. Please note, Citroën Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, misfuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. For more details, please contact Citroën at <https://www.citroen.co.uk/owner-services/emergency-assistance>

* 2 years' unlimited warranty. No-fee customer option of 1 year's retailer provided warranty, only on cars sourced from Citroën UK Limited. Note: retailer provided warranty is limited to 60,000 miles for cars.
** Against all internal to external perforation to bodywork or underbody.

• **CITROËN MAINTENANCE**
From roadside assistance to replacing wear and tear parts or regular servicing, with Citroën Maintenance you have total peace of mind. For a one-off fee or low monthly payment, our experienced engineers will take care of your Citroën, whatever happens. To find out more, contact your Citroën retailer or Citroën Authorised Repairer.

• **CITROËN SERVICING**
Available up to 1 year from your vehicle's registration date, but before its first chargeable service, a Citroën Servicing Package enables you to pay in advance for your vehicle's servicing needs for 3 years/35,000 miles. For further information, please contact your Citroën retailer.

• **CITROËN MOT TEST**
Once your vehicle is three years old, it requires an annual MOT Test. This is a legal requirement to check that it meets road safety and environmental standards. Our nationwide network of Citroën Authorised Repairers know your Citroën best, so if your vehicle's MOT Test is due, why not contact your local Citroën retailer? You can be confident that your vehicle will be looked after by one of our expert trained Citroën Technicians, nominated by DVSA as accredited MOT Testers. Plus, whilst your vehicle is with us, we'll carry out a free manufacturer diagnostic test, check for any new technical updates and carry them out for free - that's the advantage of getting your test done by the people who really know your Citroën.

Insurance groups (1-50) are an indication only, please consult your insurance company for further details.

CO₂ figures, P11D values, BIK% and MRRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BIK%. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the amount of Benefit in Kind (BIK) tax payable.

For further information on CO₂ and pricing for vehicles with optional equipment, please visit <https://www.citroen.co.uk/configurator.html>

+ Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load.

The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures.

* 'On the Road' MRRP includes registration plates and delivery to dealer (including VAT), 12 months' Vehicle Excise Duty and new vehicle registration fee of £55. Excludes fuel and insurance.

All information and prices correct at time of publication, but are subject to change at any time without prior notice (which may occur as a result of, but not limited to, any changes in legislation and/or any changes by the Government). Please see our Prices and Specifications brochures or contact your local Citroën dealer for the most up-to-date prices and specification details for all models.
