DS 3
— & —
DS 3 CABRIO

CHIC AND UNIQUE

DS 3 is a winning blend of design and engineering. It has a clean, fresh look, exceptional driving credentials and includes technology relevant to everyday life. The unique character of DS 3 ensures it is the automotive embodiment of Parisian chic.

AVANT-GARDE *DESIGN*

INSTANTLY RECOGNISABLE

DS 3 and DS 3 Cabrio guarantee you'll get noticed. The taut, sculpted shape includes the features DS 3 has become famous for: the 'floating' roof, the 'shark's fin' shaped side pillar and our stunning lighting design. Unashamedly modern, it is true to our inimitable spirit of the avant-garde.

DS 3 in Pearl White and Topaz Brown

SEE THE LIGHT

FACE OF DS 3

As with every other DS, DS 3 and DS 3 Cabrio sport our distinctive front grille. We call the unique shape where it merges into the headlamps DS Wings. DS 3 and DS 3 Cabrio also benefit from LED lighting technology with a Xenon module. This is DS LED Vision*, characterised by a wide, deep, white beam that reduces eye strain at night but uses less energy.

** Availability according to model chosen*

REFINE & ATTENTION TO DETAIL MENT

Trinitario Nappa leather watchstrap design

HAND-CRAFTED *COCKPIT*

The leathers we use go through an extensive process to look, smell and feel just right. That sort of attention to detail appears throughout DS 3 and DS 3 Cabrio. It guarantees even our most compact car meets the exacting standards of comfort and refinement we demand of every DS.

Crescendo Nappa Watchstrap leather with DS Embossing

At DS we employ some of the most talented craftsmen in the world. To ensure that we make the most of their skills, we give them some of the finest materials available. The leather we choose is an excellent example of this. Grained leather* comes from the grained part of the hide. It is then treated to give a regular finish throughout. Nappa leather* displays the natural characteristics of the hide with no or very few imperfections. It needs barely any treatment and is finished with colouring designed to enhance the hide's natural grain. The result is a stunning hand-stitched interior that now includes a leather-clad instrument binnacle for the ultimate touch of luxury.

TECHNOLOGY AT *YOUR FINGERTIPS*

Every DS 3 benefits from a centrally-mounted 7-inch touchscreen*. This enables easy access to functions such as satellite navigation, the sound system, smartphone connectivity, the car's driving settings and Mirror Screen. For maximum ease of use and safety, it works with steering wheel mounted controls. Without taking your hands off the wheel you can adjust the cruise control or speed limiter and control the audio system.

KEEPING *CONNECTED*

Mirror Screen* uses Apple CarPlay™ and MirrorLink for Android to seamlessly mirror compatible smartphones on the vehicle touchscreen. You're able to access all the key functions of your phone easily and safely while at the wheel of DS 3; browse your music collection and audio books, access maps, compose and listen to SMS messages using voice controls and even access Apple's Siri at the touch of a button. A range of third party apps ensure you're always connected, allowing you to check the weather forecast, locate parking spaces or listen to web radio from all over the world. Mirror Screen is the simple way to stay in touch while you're on the move. (Functionality may vary and is dependent on a compatible smartphone and apps).

* Availability according to version

CABRIO

DS 3 CABRIO

ALWAYS
A PLEASURE

We've made DS 3 even more fun by removing its fixed roof. DS 3 Cabrio has the same striking silhouette, distinctive DS grille, stunning lighting technology, 'floating' roof and 'shark's fin' side pillar as the hatchback. It also enjoys the same comfort, refinement and practicality. In fact, the only real difference is that the roof disappears at the push of a button.

We've given DS 3 Cabrio all the benefits of a convertible allied with the strong points of a hatchback. Our aim is to give you and your passengers unbridled pleasure, whatever the weather.

CONVERTIBLE

16 SECONDS is all it takes to transform DS 3 Cabrio from cosy coupe to sophisticated sun trap. With the push of a button on the centre console, you can open or close the roof at speeds of up to 70mph. And it can open in any one of three positions. It'll slide back half way or in 11 seconds open the full length of the vehicle like a massive sun roof. In a further five seconds DS 3 Cabrio goes completely convertible as the glass rear window magically disappears. You can choose one of four colours for the roof: Black, Infinite Blue, Emerald or stylish Topaz DS Monogram.

ACCOUSTICS

Were an area that our engineers paid a lot of attention to. First they chose a high quality material for the roof with such strong sound isolation properties that with the roof closed interior noise is comparable to the hatchback. They also designed an aerodynamic wind deflector that pops up as soon as the roof starts to open. This guarantees a comfortable in-car experience that's breezy never blustery, no matter how far the roof is opened.

WEIGHT SAVING

Has also been an important area for our engineers. Convertibles usually weigh around 100kg more than their fixed roof equivalent. But by optimising the chassis architecture during the design process, DS 3 Cabrio is only 25kg heavier than DS 3 so it's still agile and enjoyable to drive

SPIRIT GRAND TOURER

DS PERFORMANCE LINE

The PERFORMANCE Line trim level presents a dynamic and distinguished presence on DS 3 and DS 3 Cabrio. Sports styling, highlighted with subtle tricoloured touches of Carmine red, gold and white, complements the technical excellence, comfort and refinement that is characteristic of DS.

DS 3 PERFORMANCE Line: shark grey, black roof, 17" gloss black 'Aphrodite' alloy wheels

To underpin the dynamic spirit of DS PERFORMANCE Line, subtle Carmine red, white and gold highlights are applied to door mirrors and rear spoiler. Unique badges adorn the front wings.

DS 3 Cabrio PERFORMANCE Line: Shark Grey, black folding roof, 17" gloss black 'Aphrodite' alloy wheels.

HYPERCOMFORT

DYNAMIC

ON THE ROAD

DS 3 and DS 3 Cabrio stand out through a finely judged combination of lively handling and excellent ride comfort. We call this Dynamic Hypercomfort. Thanks to its compact dimensions, DS 3 feels lithe and responsive, taking the windiest roads in its stride. This composure is the result of thousands of hours of work calibrating its chassis, suspension and power-assisted steering. From tyres to seats, our engineers have left no stone unturned in their efforts to create a car that reacts rewardingly but also reassuringly.

VERSATILITY

Is vital in a car because we know that you don't always drive for fun. It's easy for anyone to get comfortable at the leather-clad steering wheel because it, and the seats, adjust for both reach and height. We've tuned the suspension dampers to read the road, whatever the surface. This ensures DS 3's cockpit remains calm and comfortable wherever you go. Practicality is helped by five proper seats. And at 285 litres, the hatchback has the biggest boot in its class. You can fold the rear seat backs with one hand in a single move; the glove box is the biggest in its class at 13 litres; and the cockpit is full of handy storage spaces.

THE EFFICIENT PERFORMER

The petrol and diesel engines available in DS 3 and DS 3 Cabrio offer various combinations of performance and efficiency. All but one come with Stop & Start which automatically cuts the engine when you don't need it, restarting it when it's time to move off. The four petrol engines are PureTech 82 S&S, PureTech 110 S&S, PureTech 130 S&S and THP 165 S&S. Awarded International Engine of the Year in 2015, the three-cylinder PureTech engine family has been designed to reduce fuel consumption and emissions by 25 per cent compared to four-cylinder engines with the same power output. In addition to the manual transmission, the PureTech 110 engine is available with the EAT6 automatic. This guarantees changes that are even quicker than a traditional manual gearbox. The THP 165 offers surprising efficiency for such a sporty engine, thanks in part to its six-speed manual gearbox.

There are two BlueHDi diesel engines: the BlueHDi 100 and BlueHDi 120. This new family of engines eliminates 90 per cent of Nitrogen Oxide (NOx) emissions while also reducing fuel consumption and cutting CO₂ emissions. The result is the BlueHDi 100, one of the cleanest engines in its class with CO₂ emissions of just 87g/km. The 94g/km of CO₂ BlueHDi 120 comes with a six-speed manual gearbox.

PEACE OF MIND

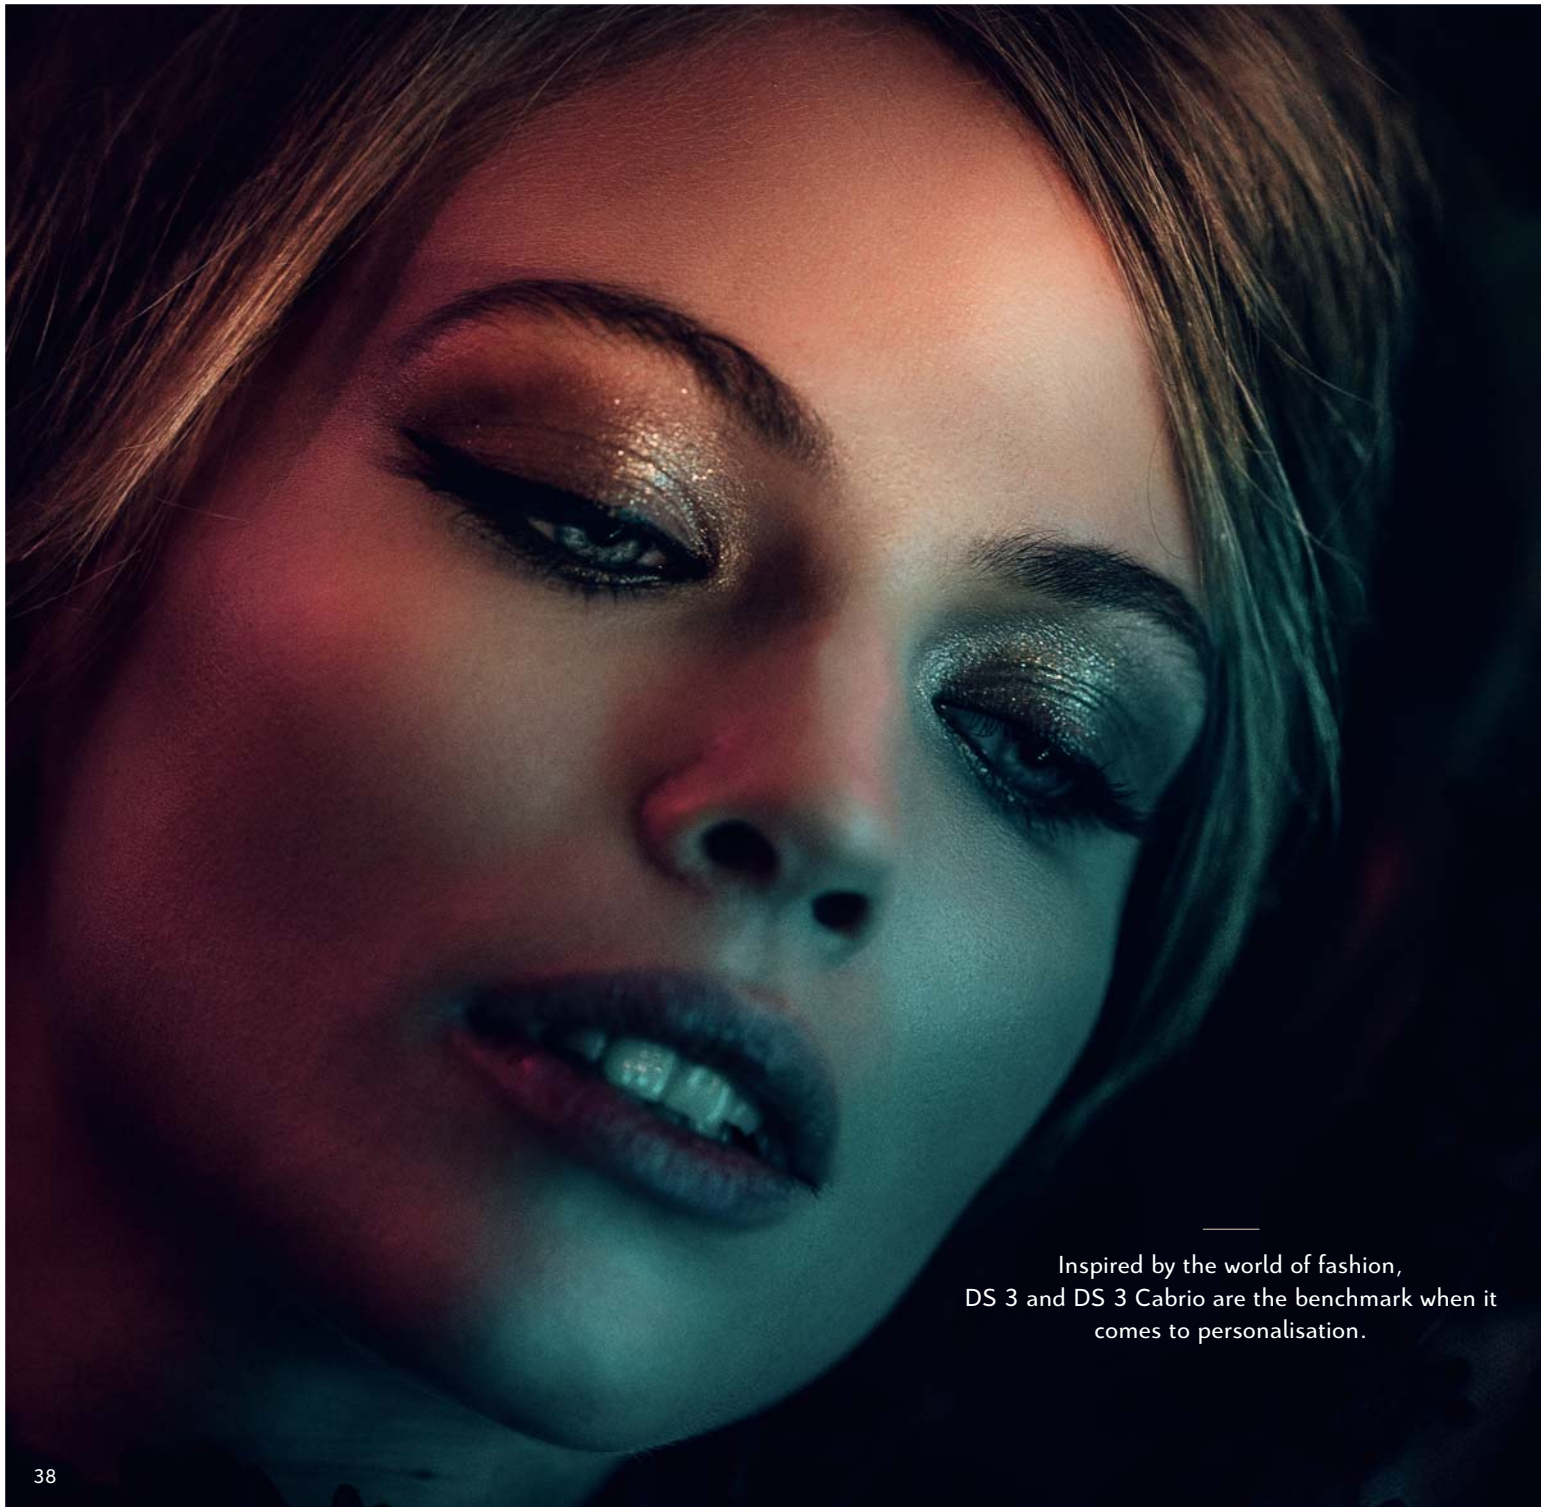

SAFETY

The safety and security of you and your passengers is our primary concern. As a result, all DS 3 and DS 3 Cabrio have a formidable braking system: Parking sensors front and rear*, a reversing camera*, Hill Start Assist* or Active City Brake which is an automatic braking system designed to prevent crashes at speeds of up to 18mph. A laser located in the windscreen detects obstacles in your path. If you don't react, it will start slowing down or brake to a halt without you touching the brake pedal.

SERVICES

DS Connect Box is available on every DS model, including DS 3 and DS 3 Cabrio. The SOS & Assistance pack automatically calls the emergency services in the event of an accident. The Monitoring Pack is a virtual service record and gives you eco-driving tips.

Inspired by the world of fashion,
DS 3 and DS 3 Cabrio are the benchmark when it
comes to personalisation.

NETWORK AND SERVICES

When you choose DS, you have the reassurance of knowing that it has been designed and built to give you years of worry free motoring. As a DS owner, you can rely on the customer service of your DS dealership. They are specialists who will listen to you, understand your problems and respond efficiently. They will maintain your DS correctly, using trained technicians, DS diagnostic equipment and DS original replacement parts.

DS CONNECT BOX

Advanced technology is firmly on your side in the event of an emergency with the DS Connect Box. By using geo-location software, this innovative feature automatically alerts the emergency services in the event of an accident, pinpointing your location for a swift response.

DRIVE YOUR DS

There are a range of finance and insurance products to help you get behind the wheel of your DS 3. Contact your DS dealership for detailed help and advice.

CARE FOR YOUR DS 3

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

• **DS WARRANTY**

Every DS has the benefit of a 3 year* warranty package, plus a 12 year anti-perforation** warranty and a 3 year paint warranty.

** 2 years unlimited warranty. No-fee customer option of 1 year Dealer provided warranty, only on cars supplied by the DS/Citroën UK dealer network.
Note: Dealer provided warranty is limited to 60,000 miles for cars.
** Against all internal to external perforation to bodywork or underbody.*

• **DS ROADSIDE ASSISTANCE**

Your DS 3, when supplied by the DS/Citroën UK dealer network, is covered for the 36 months from the date of first registration and brings rapid, expert roadside assistance to you in an emergency. This service is free of charge and available 24 hours a day in the UK and Europe. In response to a free telephone call in the UK, DS Assistance brings rapid

expert roadside assistance to you in an emergency. Please note, DS Assistance only applies to incidents covered by the new vehicle warranty, and excludes non-vehicle faults, such as running out of fuel, mis-fuelling, loss of keys, lock-ins, road traffic accidents and punctures/wheel changes. Full details are available on DSautomobiles.co.uk. For complete peace of mind you can purchase DS Assistance Plus to also cover non vehicle faults. Details are available from your DS dealership.

DS offers a range of services to support you and your vehicle including the following:

- DS Extended Warranty: Extend your vehicle warranty into the 4th or 4th and 5th years.
- DS Fixed Servicing Package: Lasts for 36 months or 35,000 miles (whichever occurs sooner) and provides all of your vehicle's servicing needs.
- DS Flexible Servicing Package: A flexible plan, which can last up to 60 months or 100,000 miles, has been tailored to provide you with the benefit of annual servicing.

• **DS Maintenance Plan:** The benefit of this plan is the inclusion of all annual services, including general maintenance, the replacement of wear and tear parts, MOT Test(s) and DS Roadside Assistance. You can also add the option of replacement tyres and/or replacement vehicle while yours is being serviced. These services are recognised throughout the DS network, so you have the assurance of being cared for anywhere you drive.

ENVIRONMENTAL COMMITMENT

BLUE HDI BlueHDI epitomises the technical innovation, engineering excellence and effortless performance that you will experience throughout the DS range. It is designed to deliver exceptional fuel economy, minimal CO₂ emissions and refined power for an inspiring drive. DS 3's BlueHDI 100 is a defining example of this balance, delivering up to 88.3mpg and CO₂ emissions of just 87g/km.

* To get the most up to date engine information and data, please refer to DS 3 price and specification guide or go to DSautomobiles.co.uk. All fuel consumption figures used in this brochure are certified according to European regulations that apply to all vehicles sold in Europe. The figures are established under rigorous conditions on a test bench. Actual driving conditions are influenced by weather and temperature, driving style, tyre pressures, loads and passengers, the use of heating or air conditioning and many other real-life factors. These will produce different fuel consumption values.

CONTACTLESS PAYMENTS

WITH DS 3 CONNECTED CHIC

Stay chic, connected and contactless at the same time with DS 3 Connected Chic. DS Automobiles and bPay by Barclaycard have joined forces to launch DS 3 Connected Chic contactless payment car key.

Top-up your contactless key with any UK registered Visa or Mastercard, debit or credit card. In a UK first, go shopping thanks to the integrated payment device in your unique DS Automobiles car key.

Purchase a DS 3 Connected Chic before 31 December 2018 and you will have the contactless payment car key, allowing you to make safe and fast purchases of £30 and under, wherever you see the contactless symbol, at 490,000 retailers across the UK. You will also benefit from being able to track your spending, top up your balance, and take control by cancelling the contactless payment element, should you need to, using the dedicated bPay app available on App Store or Google Play. The contactless payment car key is only available for customers who buy the stylish DS 3 Connected Chic until 31 December 2018. Each account linked to the contactless car key, powered by bPay, is subject to application and Terms and Conditions. Each bPay payment chip which is embedded into your DS key is valid for a minimum of 3 years.

Terms and Conditions

Use to make contactless payments of £30 and under. Link to any Visa or Mastercard debit or credit card, registered to a UK address. Download the free app to register, track your spending and top up on the go. Payment functionality is subject to application and acceptance of T&Cs. The bPay chip is valid for a minimum of 3 years. After this time it will not work for contactless payments. For Terms and Conditions please visit www.bpay.co.uk/ds

DS LED VISION – XENON HEADLIGHTS

DS 3 benefits from LED lighting technology with a Xenon module. This is DS LED Vision, characterised by a wide, deep, white beam that reduces eye strain at night but uses less energy. Scrolling indicators complete this dynamic look.

PURETECH PETROL ENGINES

The PureTech family of three-cylinder engines represent a real technological breakthrough for the modern petrol engine. Compact dimensions, low weight and innovative low friction materials allow PureTech engines to deliver more power, exceptional driving characteristics and incredibly low emissions... and to win International Engine of the Year in 2017 for the third consecutive year.

BLUEHDI DIESEL ENGINES

BlueHDI diesel technology leads the way in meeting and exceeding the latest Euro 6 emissions standard. The Selective Catalytic Reduction (SCR) module is the most effective method available for the treatment of harmful Nitrogen Oxide (NOx) emissions. Working in conjunction with the particulate filter (DPF), diesel engine emissions are dramatically reduced, cutting not only CO₂, but the other harmful by-products of diesel combustion.

— DS — TECHNOLOGY

EAT6 AUTOMATIC GEARBOX

Designed and developed in partnership with market leader AISIN AW, the latest EAT6 automatic gearbox delivers a compelling blend of smooth power delivery, ultra-fast gear changes and exceptional efficiency. Fully automatic torque-converter based technology ensures excellent low-speed driveability with a creep functionality that is particularly convenient in low-speed traffic.

DS CONNECT BOX EMERGENCY & ASSISTANCE

DS Connect Box provides peace of mind that in the event of an emergency, anywhere in Europe, 24 hours a day, 7 days a week, help is always at hand. In the event of a collision severe enough to deploy the vehicle airbags or the seat belt pretensioners, the vehicle automatically makes an emergency call on behalf of the driver. Precise location information is also sent to the call centre so the appropriate emergency service can be dispatched quickly.

ACTIVE CITY BRAKE

Active City Brake helps avoid low speed accidents by automatically applying the brakes when an impact is anticipated. Operating in urban conditions at speeds of less than 20 mph, a short range sensor fitted to the top of the windscreen detects other vehicles that are driving in the same direction or stationary and monitors the rate at which the distance between the two cars reduces. If the distance to the car in front is too small and closing at too great a rate, the vehicle will perform an emergency stop to avoid a collision.

DS CARE FOR CAR & DRIVER

COMPANY CAR BENEFIT-IN-KIND TAXATION CHARGES

The Company Car Benefit-In-Kind Taxation charge is based upon the type of fuel used, and the level of CO₂ emissions, measured in grams per kilometre (g/km). The table opposite shows the percentage of the car's list price to be taxed (P11D value[†]).

For example, a DS 3 PureTech 110 S&S manual Elegance has a CO₂ emissions figure of 100g/km (petrol) and the P11D figure of £16,340. The BIK value would therefore be 17% x £16,340 = £2,777.80 (equivalent to £46.30 pcm for a 20% rate tax payer).

ELECT 4

Elect 4 is an alternative way to enjoy a new DS without the cost of ownership. Instead of owning the car, you rent it for a fixed period and then return it to your local dealer where you can exchange it for a brand new one. You set your preferred contract terms and anticipated annual mileage. With leasing which can be arranged for a period up to 4 years, Elect 4 offers you an alternative method of funding your new DS. One initial bulk advance rental will be required. This is between 14%-16% of the 'On the Road Recommended Retail Price' plus any advance rental contribution from Citroën UK. Excess mileage charges may apply if the agreed annual mileage is exceeded. Citroën contribution on selected models only. Payment of the optional final rental extends the rental term (this does not transfer title of the vehicle) & requires an annual rental equivalent to one month's rental. All based on a 48 month contract with an annual mileage set at 6,000 miles on DS 3, DS 3 Cabrio and 8,000 miles on all other models. All rentals inclusive of VAT. Finance subject to status. Over 18s only. Finance provided by and written quotations available on request from PSA Finance UK Ltd (company registration number 01024322), Quadrant House, Princess Way, Redhill, Surrey, RH1 1QA, UK. PSA Finance UK Ltd is authorised and regulated by the Financial Conduct Authority.

3 YEARS' DS ROADSIDE ASSISTANCE

In response to a free telephone call in the UK, DS Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for three years, from date of vehicle registration, and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. You can also purchase additional DS Assistance via your local DS dealer at any time. Please note, DS Assistance applies to incidents covered by the new vehicle warranty, and non-vehicle faults, such as running out of fuel or mis-fuelling, instances where keys have been locked inside the vehicle or lost/stolen, road traffic accidents and punctures/wheel changes. Full details are available on request from DS UK via cuk_contactcentre@citroen.com

COMPANY CAR BENEFIT-IN-KIND TAXATION CHARGES

Tax Band	CO ₂ (g/km)	Petrol First Year VED	Diesel First Year VED
A	0	£0.00	£10.00
B	1 to 50	£10.00	£25.00

DS 3 CABRIO
— SPECIFICATION —
FROM 1 MAY 2018

CHIC

Exterior Style

- 16 inch black diamond-cut 'Ashera' alloy wheels
- Rear spoiler
- Chrome exhaust tailpipe
- Chrome door handles and side rubbing strips

Lighting and Visibility

- 3D LED rear lights
- Dark tinted rear windows
- Electrically adjustable door mirrors

Comfort and Convenience

- Insulated black fabric electric-folding roof
- Air-conditioning
- Rear parking sensors
- Cruise control and speed limiter
- Variable assistance power steering

Comfort and Convenience (continued)

- Height and reach adjustable steering wheel
- Integrated air freshener
- 'Black Panel' on/off instrument lighting

In-car Entertainment

- 7 inch colour touchscreen
- RDS radio with 6 speakers and AUX socket
- DAB digital radio
- Bluetooth® handsfree and media streaming with USB socket
- Steering column controls

Safety and Security

- Alarm and immobiliser
- DS Connect Box Emergency and Assistance System
- Compressor with puncture repair kit

Safety and Security (continued)

- Tyre Pressure Monitor
- Driver, front passenger, front lateral and curtain airbags
- Remote central locking with deadlocks
- Two rear ISOFIX points with top tether
- Locking wheel bolts

Interior Features

- Basalt Black 'Rayados' cloth
- Height adjustable driver's seat
- Split/folding rear seats
- Soft-touch upper dashboard
- Tungsten dashboard strip
- Leather steering wheel with satin chrome inserts
- Gloss black gear knob
- Satin chrome door sill protectors

DRIVEN BY STYLE

ENHANCED BY TECHNOLOGY

DS 3 Cabrio Connected Chic is a fine balance of design and engineering. It has a clean, fresh style, is great to drive and has technology that will help to stay in touch safely while you're on the move.

CONTACTLESS PAYMENTS

WITH DS 3 CONNECTED CHIC

Stay chic, connected and contactless at the same time with DS 3 Connected Chic DS Automobiles and bPay by Barclaycard have joined forces to launch DS 3 Connected Chic contactless payment car key.

Top-up your contactless key with any UK registered Visa or MasterCard, debit or credit card. In a UK first, go shopping thanks to the integrated payment device in your unique DS Automobiles car key.

Purchase a DS 3 Connected Chic before 31 December 2018 and you will have the contactless payment car key, allowing you to make safe and fast purchases of £30 and under, wherever you see the contactless symbol, at 490,000 retailers across the UK. You will also benefit from being able to track your spending, top up your balance, and take control by cancelling the contactless payment element, should you need to, using the dedicated bPay app available on App Store or Google Play. The contactless payment car key is only available for customers who buy the stylish DS 3 Connected Chic until 31 December 2018. Each account linked to the contactless car key, powered by bPay, is subject to application and Terms and Conditions. Each bPay payment chip which is embedded into your DS key is valid for a minimum of 3 years.

Terms and Conditions

Use to make contactless payments of £30 and under. Link to any Visa® or MasterCard® debit or credit card, registered to a UK address. Download the free app to register, track your spending and top up on the go. Payment functionality is subject to application and acceptance of T&Cs. The bPay chip is valid for a minimum of 3 years. After this time it will not work for contactless payments. For Terms and Conditions please visit www.bpay.co.uk/ds

DS LED VISION – XENON HEADLIGHTS

DS 3 Cabrio benefits from LED lighting technology with a Xenon module. This is DS LED Vision, characterised by a wide, deep, white beam that reduces eye strain at night but uses less energy. Scrolling indicators complete this dynamic look.

— DS — TECHNOLOGY

EAT6 AUTOMATIC GEARBOX

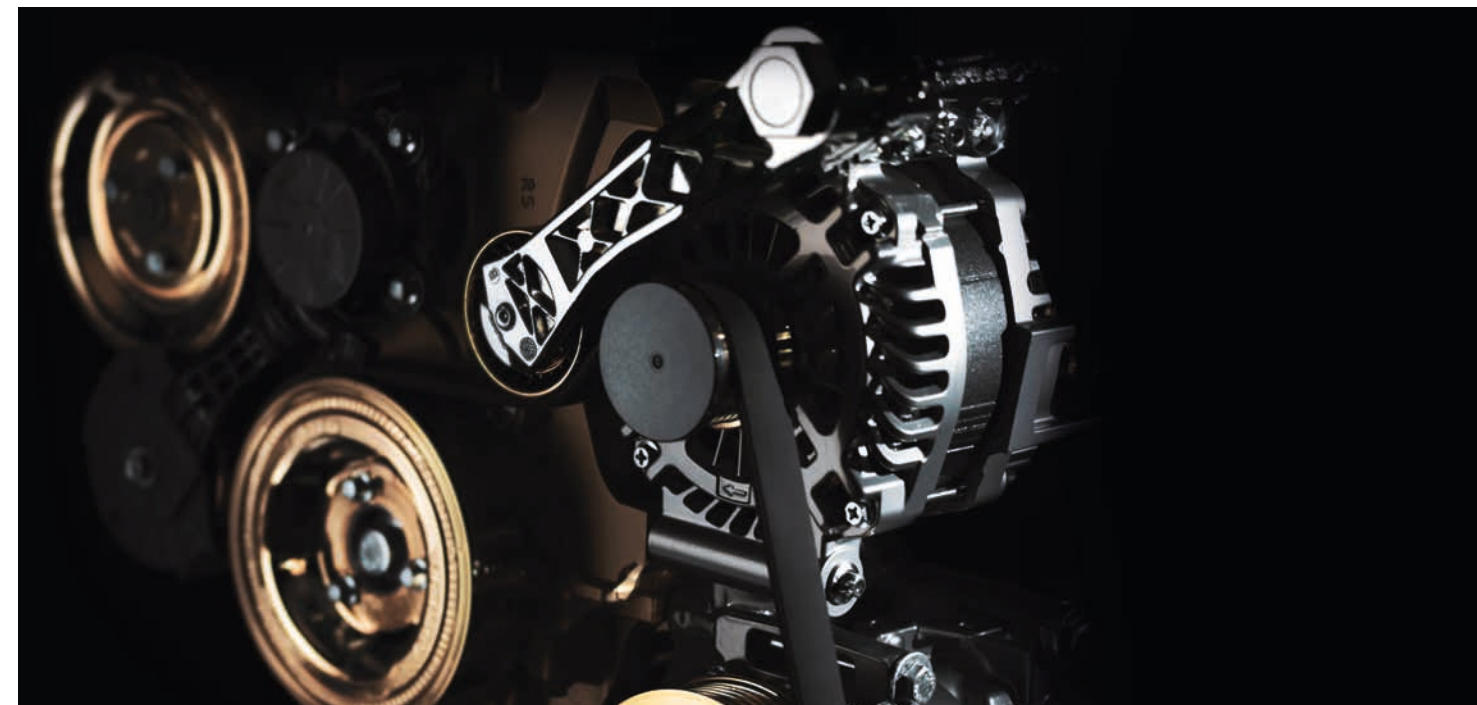

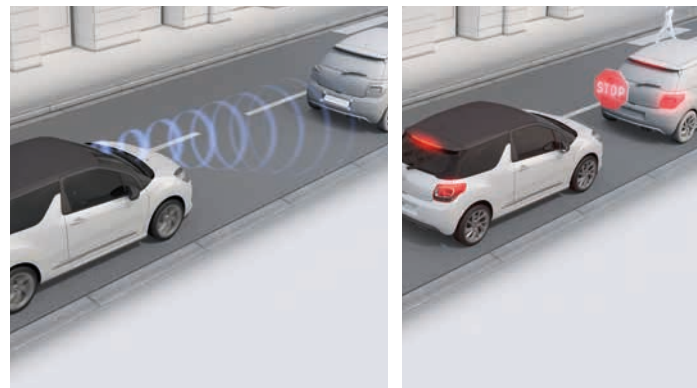

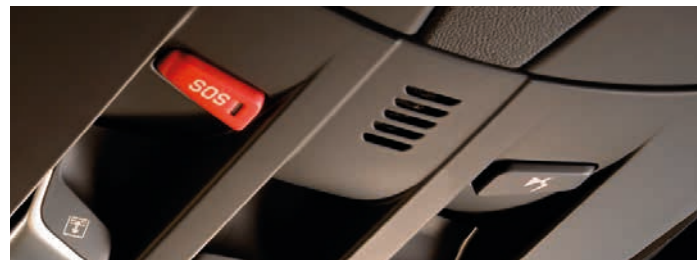

Designed and developed in partnership with market leader AISIN AW, the latest EAT6 automatic gearbox delivers a compelling blend of smooth power delivery, ultra-fast gear changes and exceptional efficiency. Fully automatic torque-converter based technology ensures excellent low-speed driveability with a creep functionality that is particularly convenient in low-speed traffic.

DS CONNECT BOX EMERGENCY & ASSISTANCE

DS Connect Box provides peace of mind that in the event of an emergency, anywhere in Europe, 24 hours a day, 7 days a week, help is always at hand. In the event of a collision severe enough to deploy the vehicle airbags or the seat belt pretensioners, the vehicle automatically makes an emergency call on behalf of the driver. Precise location information is also sent to the call centre so the appropriate emergency service can be dispatched quickly.

ACTIVE CITY BRAKE

Active City Brake helps avoid low speed accidents by automatically applying the brakes when an impact is anticipated. Operating in urban conditions at speeds of less than 20 mph, a short range sensor fitted to the top of the windscreen detects other vehicles that are driving in the same direction or stationary and monitors the rate at which the distance between the two cars reduces. If the distance to the car in front is too small and closing at too great a rate, the vehicle will perform an emergency stop to avoid a collision.

PURETECH PETROL ENGINES

The PureTech family of three-cylinder engines represent a real technological breakthrough for the modern petrol engine. Compact dimensions, low weight and innovative low friction materials allow PureTech engines to deliver more power, exceptional driving characteristics and incredibly low emissions... and to win International Engine of the Year in 2017 for the third consecutive year.

BLUEHDi DIESEL ENGINES

BlueHDi diesel technology leads the way in meeting and exceeding the latest Euro 6 emissions standard. The Selective Catalytic Reduction (SCR) module is the most effective method available for the treatment of harmful Nitrogen Oxide (NOx) emissions. Working in conjunction with the particulate filter (DPF), diesel engine emissions are dramatically reduced, cutting not only CO₂, but the other harmful by-products of diesel combustion.

DS CARE FOR CAR & DRIVER

COMPANY CAR BENEFIT-IN-KIND TAXATION CHARGES

The Company Car Benefit-In-Kind Taxation charge is based upon the type of fuel used, and the level of CO₂ emissions, measured in grams per kilometre (g/km). The table opposite shows the percentage of the car's list price to be taxed (P11D value[†]).

For example, a DS 3 PureTech 110 S&S manual Elegance has a CO₂ emissions figure of 100g/km (petrol) and the P11D figure of £16,340. The BIK value would therefore be 17% x £16,340 = £2,777.80 (equivalent to £46.30 pcm for a 20% rate tax payer).

ELECT 4

Elect 4 is an alternative way to enjoy a new DS without the cost of ownership. Instead of owning the car, you rent it for a fixed period and then return it to your local dealer where you can exchange it for a brand new one. You set your preferred contract terms and anticipated annual mileage. With leasing which can be arranged for a period up to 4 years, Elect 4 offers you an alternative method of funding your new DS. One initial bulk advance rental will be required. This is between 14%-16% of the 'On the Road Recommended Retail Price' plus any advance rental contribution from Citroën UK. Excess mileage charges may apply if the agreed annual mileage is exceeded. Citroën contribution on selected models only. Payment of the optional final rental extends the rental term (this does not transfer title of the vehicle) & requires an annual rental equivalent to one month's rental. All based on a 48 month contract with an annual mileage set at 6,000 miles on DS 3, DS 3 Cabrio and 8,000 miles on all other models. All rentals inclusive of VAT. Finance subject to status. Over 18s only. Finance provided by and written quotations available on request from PSA Finance UK Ltd (company registration number 01024322), Quadrant House, Princess Way, Redhill, Surrey, RH1 1QA, UK. PSA Finance UK Ltd is authorised and regulated by the Financial Conduct Authority.

3 YEARS' DS ROADSIDE ASSISTANCE

In response to a free telephone call in the UK, DS Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for three years, from date of vehicle registration, and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. You can also purchase additional DS Assistance via your local DS dealer at any time. Please note, DS Assistance applies to incidents covered by the new vehicle warranty, and non-vehicle faults, such as running out of fuel or mis-fuelling, instances where keys have been locked inside the vehicle or lost/stolen, road traffic accidents and punctures/wheel changes. Full details are available on request from DS UK via cuk_contactcentre@citroen.com

COMPANY CAR BENEFIT-IN-KIND TAXATION CHARGES

Tax Band	CO ₂ (g/km)	Petrol First Year VED	Diesel First Year VED
