

DS AUTOMOBILES

DS 4  
— & —  
DS 4 CROSSBACK

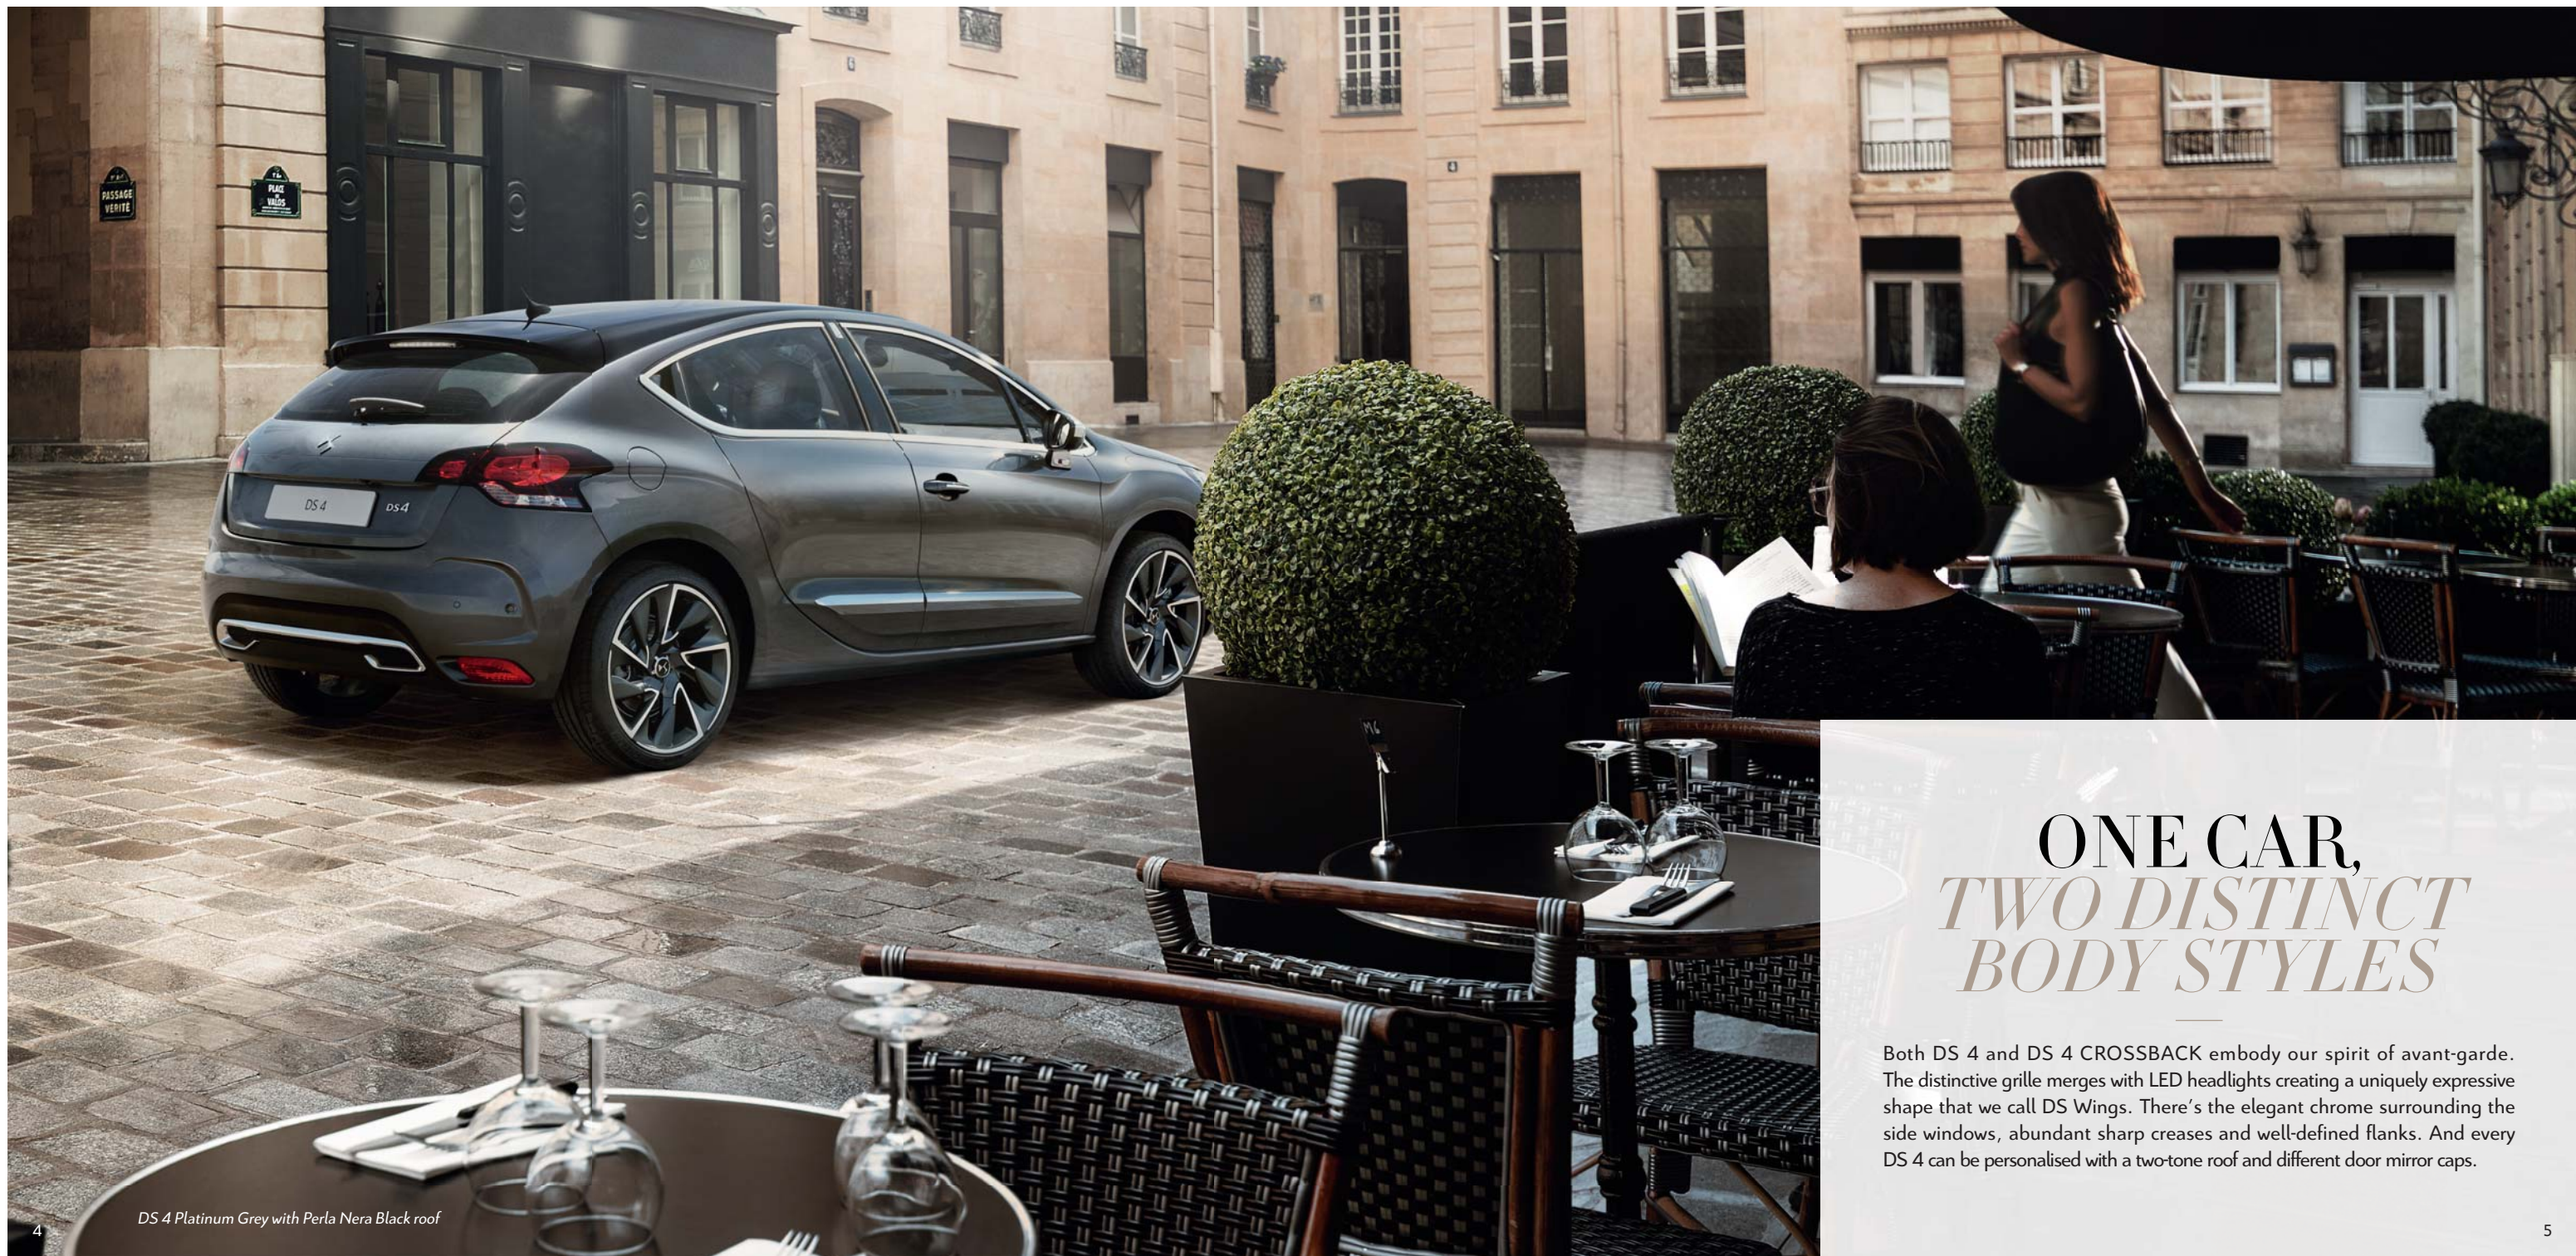

# ELEGANCE WITH ATTITUDE

DS 4 is characterised by its distinctive, purposeful shape. This elegantly cloaks a car that's rewarding to drive but still comfortable. Its luxurious interior is hand-built by skilled craftsmen yet packed with the latest in-car technology.

**It demonstrates our philosophy of meticulously matching design and technology with comfort.**

## ONE CAR, *TWO DISTINCT BODY STYLES*

Both DS 4 and DS 4 CROSSBACK embody our spirit of avant-garde. The distinctive grille merges with LED headlights creating a uniquely expressive shape that we call DS Wings. There's the elegant chrome surrounding the side windows, abundant sharp creases and well-defined flanks. And every DS 4 can be personalised with a two-tone roof and different door mirror caps.

# *LIGHT UP* YOUR LIFE

## A UNIQUE FRONT FACE

The headlights of DS 4 and DS 4 CROSSBACK combine LED technology with a Xenon module to produce a wide, deep, white beam that reduces eye strain at night but uses less energy. The headlights also follow the steering to light up corners, a technology DS pioneered. Uniquely for this class of car, the indicators are scrolling LEDs. We call this lighting technology DS LED vision.

A high-angle, wide shot of the front interior of a DS 4. The dashboard is dark with a central infotainment screen displaying the DS logo. The steering wheel is black with silver accents and the DS logo. The center console features a gear shifter and handbrake. The seats are upholstered in light brown leather with visible stitching. The overall lighting is soft and focused on the interior details.

## LUXURIOUS INTERIOR

Every piece of leather used inside DS 4 and DS 4 CROSSBACK goes through a painstaking 21-hour process to look, smell and feel just right. It's one example of how far we go to ensure each car meets our exacting standards of comfort and refinement.

## TOUCH SCREEN TECHNOLOGY

A centrally-mounted 7-inch colour touch screen allows you to control many of the major functions in DS 4 and DS 4 CROSSBACK. This is a safe, intuitive way of accessing items such as satellite navigation and smart phone connectivity. It also controls various settings enabling your car to be just how you like it.

We've deliberately simplified the steering wheel controls so you can manage some functions without taking your hands off the wheel or your eyes off the road. Two rollers, one under each thumb, operate the cruise control and speed limiter on one side, the sound system and phone on the other.

Technology is central to all our lives so it has a starring role inside DS 4 and DS 4 CROSSBACK.

We've designed your car to be simple to live with from the moment you unlock the doors and start the engine without having to touch the key.

The Mirror Screen function on the DS touch screen has been designed to work with rather than replace your existing devices. It connects either using Apple CarPlay™ technology or MirrorLink® for other smartphone platforms. Your

device's screen is then mimicked in-car. The touch screen also operates the DS Connect Box. This features SOS and assistance, the ability to monitor the car's maintenance, eco-driving tips and even tracking.

Whatever your taste in music, you'll get the best out of it from the premium Denon sound system with its eight speakers. And if you want to carry on listening once you've reached your destination, the air-conditioning's REST function keeps the cabin ventilated for short periods, even when the engine's not running.

# REFINEMENT — & — *ATTENTION TO DETAIL*

CRAFTSMANSHIP AT ITS VERY BEST

We've optimised every detail on DS 4, outside and in.

Inside, you'll find a little more substance than other premium cars. Take the leather upholstered door panels front and rear. They're unique to this class of car and our craftsmen take hours putting them together. We think it's well worth the extra effort.

We also think it's worth offering one of the widest ranges of leather available. There are three grades to choose from: grained, nappa and semi-aniline\*. Each has a slightly different appearance; all offer unequalled luxury. Whichever grade of leather you specify, it will have been through a painstaking 21-hour treatment to guarantee a feel, smell, colour and look to match our exacting standards. This ensures every grade of leather has sufficient flexibility and resistance to wear that it'll develop a unique patina over time.

The quality of craftsmanship is highlighted by the exquisite watch strap finish of our Habana and Criollo interiors. This unique and beautiful detailing employs semi-aniline leather, the finest available for automotive applications. It's finished off with our DS symbol embossed on the back rest.

Beneath their leather clad craftsmanship, our front seats have a heat function to maximise comfort and also, exclusively for this class of car, there's a lumbar massage function that will make long journeys fly by.

*\* Grade of leather is model dependent.*

CHARACTER

# THE ADVENTURER CHIC

DS 4 CROSSBACK

We've designed DS 4 CROSSBACK to be as capable as its looks suggest.

ESCAPE

# CAPABILITY & *STYLE*

With its raised ride height and crossover body styling, DS 4 CROSSBACK is sturdy in spirit.

There is black wheel arch protection, a gloss black bumper section and rear spoiler, gloss black painted alloy wheels and low profile aluminium roof style bars for a robust appearance. With 30mm more ground clearance than DS 4 to help when the going gets rough, DS 4 CROSSBACK feels as at home outside the urban jungle as it does in it.

With its raised driving position and panoramic windscreen, DS 4 CROSSBACK has been designed for you to enjoy adventuring in sophisticated surroundings – no matter where you are.

# *SPIRIT* GRAND TOURER

DS PERFORMANCE LINE

The PERFORMANCE Line trim presents a dynamic and distinguished presence on DS 4. Sports styling, highlighted with subtle tricoloured touches of Carmine red, gold and white, compliments the technical excellence, comfort and refinement that is characteristic of DS.

To underpin the dynamic spirit of DS PERFORMANCE Line, subtle Carmine red, white and gold highlights are applied to door mirrors and rear spoiler. Unique badges adorn the front wings.

DS 4 PERFORMANCE Line, Platinum Grey with 18" gloss black 'BRISBANE' alloys

#### MORE EFFICIENT ENGINES

DS 4 and DS 4 CROSSBACK are available with a range of engines that combine refinement, driveability, power and efficiency. The latest BlueHDi diesel engines come with three power outputs: 120, 150 and 180hp. A unique and innovative exhaust system removes 90% of Nitrogen Oxide emissions while CO<sub>2</sub> emissions and fuel consumption have been reduced too.

The petrol engine range gives DS 4 and DS 4 CROSSBACK a subtly different character. The award-winning 130hp PureTech petrol engine employs a new generation turbocharger that spins at a remarkable 240,000rpm. This boosts power and improves economy. The THP 165 and 210hp engines offer a sportier alternative yet still have reduced consumption and CO<sub>2</sub> emissions compared to their predecessors.

Either six-speed manual or the six-speed EAT6 automatic transmissions are available. The automatic features new 'Quickshift' technology which makes gear changes 40% faster for seamlessly smooth progress.

All engines come with Stop&Start. This cuts the engine when you're stationary and restarts it automatically when you need it again. The BlueHDi 180hp has the most efficient system available: it restarts the engine in 400milliseconds rather than the more usual 800ms – so quick you'll hardly notice it.

An aerial photograph of a winding asphalt road on a rugged, brownish mountain. The road curves through the landscape, with a small orange car visible on one of the lower curves. The terrain is rocky and sparsely vegetated with dry shrubs. The sky is not visible, focusing the viewer's attention on the road and the mountain's topography.

## DRIVER AIDS

The 7-inch touch screen isn't just used for controlling functions in the car. It also doubles as a monitor for the camera that beams images from behind the car when you engage reverse gear. There is also blind-spot warning that alerts you to vehicles you may not be able to see in the mirrors. Lane departure warning gives an audible reminder if you drift out of your lane. And the speed limiter and cruise control are becoming indispensable aids for many drivers.

A red DS 4 car is parked on a sandy, rocky desert path. In the background, there are large, rugged mountains under a clear blue sky with some light clouds. The sun is low on the horizon, creating a warm, golden light. The car is a compact SUV, shown from a rear three-quarter view.

# DYNAMIC *HYPERCOMFORT*

## SUSPENSION

DS has always been synonymous with ride quality. So we've left no stone unturned ensuring you can enjoy a comfortable car that's also rewarding to drive. By adjusting the spring ratings on DS 4 we've added the ability to smooth out bumps in the road to its dynamic flair. DS 4 CROSSBACK is slightly more comfort orientated. Softer suspension settings enable you to take advantage of its increased ground clearance with minimal impact on interior comfort. We've even given the work we've done a name: 'Dynamic Hypercomfort'.

## INTELLIGENT TRACTION CONTROL

Both DS 4 and DS 4 CROSSBACK feature Intelligent Traction Control. This technology automatically monitors throttle input, gradient and wheel slip. It then brakes the driven front wheels independently for optimum traction and forward momentum on even the slipperiest surfaces. It's a bit like having four-wheel drive without any of the added weight, complexity or cost.

## SAFETY

As you might expect of a car that has been awarded five stars by independent safety body EuroNCAP, DS 4 and DS 4 CROSSBACK have ABS (Anti-lock brakes), EBD (Electronic Brakeforce Distribution), EBA (Emergency Brake Assist), ESP (Electronic Stability Programme) and Hill Assist (Hill-start assistance).

## ESSENTIAL *ACCESSORIES*

The accessory range for DS 4 will help you to tailor your car to your lifestyle. Each and every element is designed, tested and approved by our engineers and will deliver style, durability and safety.

From chrome door mirror covers through to carpet mats and roof bars, you'll find products that will help you get the most from your car and enhance your driving experience.

Details of the full DS accessory range are available from your DS dealership.

1. DS 4 CROSSBACK roof bars and roof-mounted cycle carrier
2. Chrome door mirrors and 'Hobart' alloy wheels
3. Universal phone holder
4. DS 4 carpet mats

## NETWORK AND SERVICES

When you choose DS, you have the reassurance of knowing that it has been designed and built to give you years of worry free motoring. As a DS owner, you can rely on the customer service of your DS dealership. They are specialists who will listen to you, understand your problems and respond efficiently. They will maintain your DS correctly, using trained technicians, DS diagnostic equipment and DS original replacement parts.

## DS CONNECT BOX

Advanced technology is firmly on your side in the event of an emergency with the DS Connect Box. By using geo-location software, this innovative feature automatically alerts the emergency services in the event of an accident, pinpointing your location for a swift response.

## DRIVE YOUR DS

There are a range of finance and insurance products to help you get behind the wheel of your DS 4. Contact your DS dealership for detailed help and advice.

## CARE FOR YOUR NEW DS 4

With the added reassurance of a warranty, routine servicing and maintenance, as well as 24-hour roadside assistance, you are protected.

### • DS WARRANTY

Every new DS has the benefit of a 3 year\* warranty package, plus a 12 year anti-perforation\*\* warranty and a 3 year paint warranty.

\* 2 years unlimited warranty. No-fee customer option of 1 year Dealer provided warranty, only on cars supplied by the DS/Citroën UK dealer network. Note: Dealer provided warranty is limited to 60,000 miles for cars.

\*\* Against all internal to external perforation to bodywork or underbody.

### • DS ROADSIDE ASSISTANCE

Your DS, when supplied by the DS/Citroën UK dealer network, is covered for the 36 months from the date of first registration and brings rapid, expert roadside assistance to you in an emergency. This service is free of charge and available 24 hours a day in the UK and Europe. In response to a free telephone call in the UK, DS Assistance brings rapid expert roadside assistance to you in an emergency. Full details are available on [DSautomobiles.co.uk](http://DSautomobiles.co.uk).

DS offers a range of services to support you and your vehicle including the following:

- DS Extended Warranty: Extend your vehicle warranty into the 4th or 4th and 5th years.
- DS Fixed Servicing Package: Lasts for 36 months or 35,000 miles (whichever occurs sooner) and provides all of your vehicle's servicing needs.
- DS Flexible Servicing Package: A flexible plan, which can last up to 60 months or 100,000 miles, has been tailored to provide you with the benefit of annual servicing.
- DS Maintenance Plan: The benefit of this plan is the inclusion of all annual services, including general maintenance, the replacement of wear and tear parts, MOT Test(s) and DS Roadside Assistance. You can also add the option of replacement tyres and/or replacement vehicle while yours is being serviced. These services are recognised throughout the DS network, so you have the assurance of being cared for anywhere you drive.

ENVIRONMENTAL COMMITMENT

BlueHDi epitomises the technical innovation, engineering excellence and effortless performance that you will experience throughout the DS range. It is designed to deliver exceptional fuel economy, minimal CO<sub>2</sub> emissions and refined power for an inspiring drive.

– DS 4’s BlueHDi 120 is a defining example of this balance, delivering up to 74.3mpg and CO<sub>2</sub> emissions of just 100g/km.

FUEL CONSUMPTION AND CO <sub>2</sub> EMISSIONS (EEC STANDARDS 1999-100)*

*\* To get the most up to date engine information and data, please refer to DS 4 price and specification guide or go to [www.DSautomobiles.co.uk](http://www.DSautomobiles.co.uk). All fuel consumption figures used in this brochure are certified according to European regulations that apply to all vehicles sold in Europe. The figures are established under rigorous conditions on a test bench. Actual driving conditions are influenced by weather and temperature, driving style, tyre pressures, loads and passengers, the use of heating or air conditioning and many other real-life factors. These will produce different fuel consumption values.*

PERLA NERA BLACK CONTRAST PACK

# — DS — TECHNOLOGY

## EAT6 AUTOMATIC GEARBOX

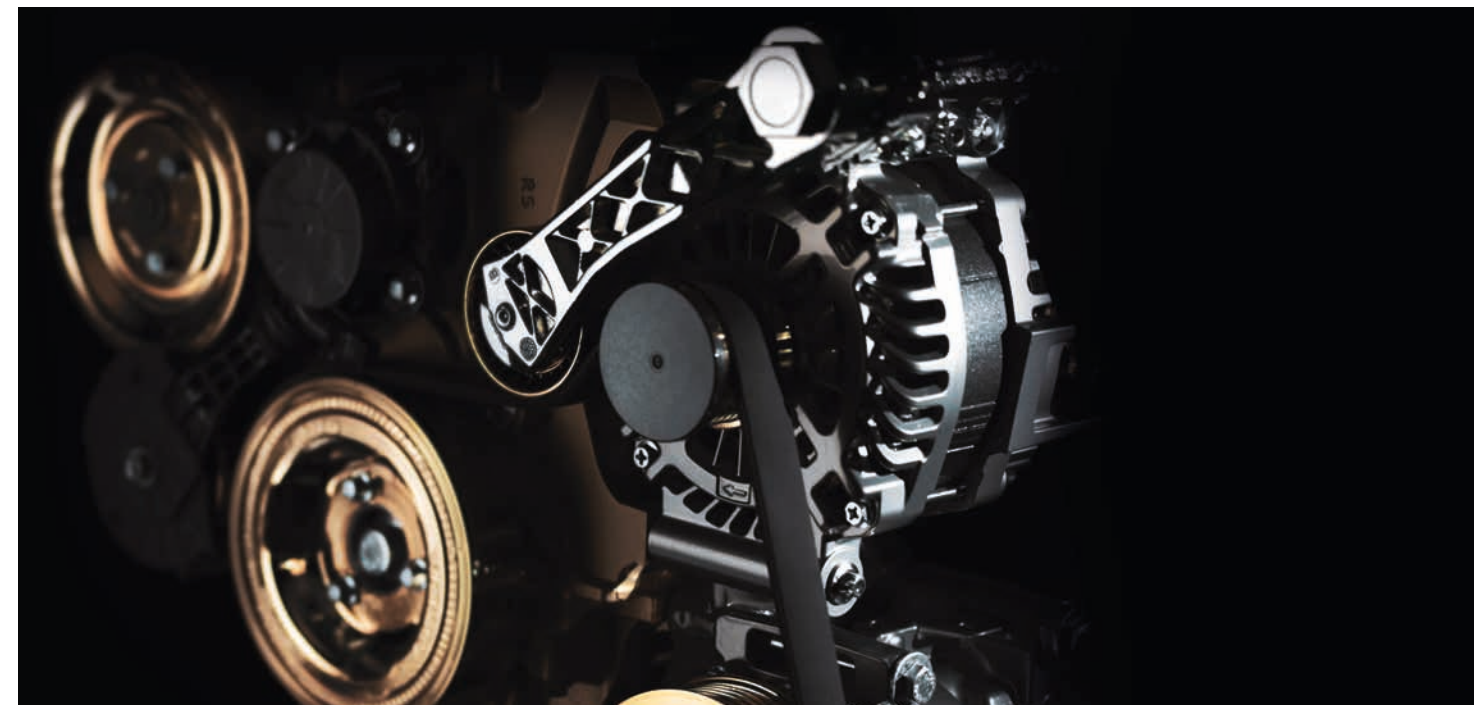

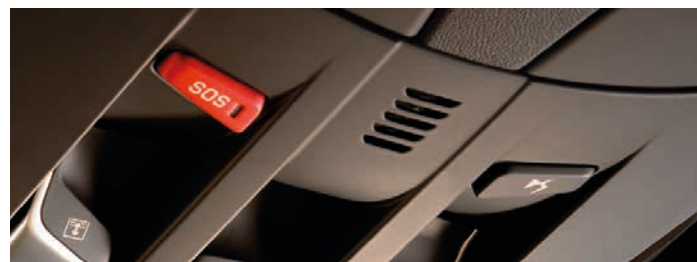

Designed and developed in partnership with market leader AISIN AW, the latest EAT6 automatic gearbox delivers a compelling blend of smooth power delivery, ultra-fast gear changes and exceptional efficiency. Fully automatic torque-converter based technology ensures excellent low-speed driveability with a creep functionality that is particularly convenient in low-speed traffic.

## DS CONNECT BOX EMERGENCY & ASSISTANCE

DS Connect Box provides peace of mind that in the event of an emergency, anywhere in Europe, 24 hours a day, 7 days a week, help is always at hand. In the event of a collision severe enough to deploy the vehicle airbags or the seat belt pretensioners, the vehicle automatically makes an emergency call on behalf of the driver. Precise location information is also sent to the call centre so the appropriate emergency service can be dispatched quickly.

## DS LED VISION

Comprising as many as 134 individual LED modules and powerful Xenon high-intensity discharge bulbs, DS LED Vision provides a broad beam that's 51% more powerful on dipped beam and 18% on main beam, compared with halogen lights. The light spectrum is close to that of natural light, illuminating the road ahead clearly and reducing eye strain. Thanks to energy-saving LED modules, power consumption is reduced by 38%, which in turn improves fuel economy and emissions. Scrolling indicators provide a highly visible turn signal with a distinctive and contemporary lighting effect.

## PURETECH PETROL ENGINES

The PureTech family of three-cylinder engines represent a real technological breakthrough for the modern petrol engine. Compact dimensions, low weight and innovative low friction materials allow PureTech engines to deliver more power, exceptional driving characteristics and incredibly low emissions... and to win International Engine of the Year in 2017 for the third consecutive year.

## BLUEHDi DIESEL ENGINES

BlueHDi diesel technology leads the way in meeting and exceeding the latest Euro 6 emissions standard. The Selective Catalytic Reduction (SCR) module is the most effective method available for the treatment of harmful Nitrogen Oxide (NOx) emissions. Working in conjunction with the particulate filter (DPF), diesel engine emissions are dramatically reduced, cutting not only CO<sub>2</sub>, but the other harmful by-products of diesel combustion.

# DS CARE FOR CAR & DRIVER

## COMPANY CAR BENEFIT-IN-KIND TAXATION CHARGES

The Company Car Benefit-In-Kind Taxation charge is based upon the type of fuel used, and the level of CO<sub>2</sub> emissions, measured in grams per kilometre (g/km). The table opposite shows the percentage of the car's list price to be taxed (P11D value<sup>†</sup>).

For example, a New DS 3 PureTech 110 S&S manual Elegance has a CO<sub>2</sub> emissions figure of 100g/km (petrol) and the P11D figure of £16,340. The BIK value would therefore be 17% x £16,340 = £2,777.80 (equivalent to £46.30 pcm for a 20% rate tax payer).

## ELECT 4

Elect 4 is an alternative way to enjoy a new DS without the cost of ownership. Instead of owning the car, you rent it for a fixed period and then return it to your local dealer where you can exchange it for a brand new one. You set your preferred contract terms and anticipated annual mileage. With leasing which can be arranged for a period up to 4 years, Elect 4 offers you an alternative method of funding your new DS. One initial bulk advance rental will be required. This is between 14%-16% of the 'On the Road Recommended Retail Price' plus any advance rental contribution from Citroën UK. Excess mileage charges may apply if the agreed annual mileage is exceeded. Citroën contribution on selected models only. Payment of the optional final rental extends the rental term (this does not transfer title of the vehicle) & requires an annual rental equivalent to one month's rental. All based on a 48 month contract with an annual mileage set at 6,000 miles on DS 3, DS 3 Cabrio and 8,000 miles on all other models. All rentals inclusive of VAT. Finance subject to status. Over 18s only. Finance provided by and written quotations available on request from PSA Finance UK Ltd (company registration number 01024322), Quadrant House, Princess Way, Redhill, Surrey, RH1 1QA, UK. PSA Finance UK Ltd is authorised and regulated by the Financial Conduct Authority.

## 3 YEARS' DS ROADSIDE ASSISTANCE

In response to a free telephone call in the UK, DS Assistance brings rapid expert roadside assistance to you in an emergency. It comes free of charge for three years, from date of vehicle registration, and operates 24 hours a day in all parts of the UK and Europe. Services include nationwide recovery for both car and passengers, a home call service, replacement vehicle, hotel accommodation and vehicle storage if required. You can also purchase additional DS Assistance via your local DS dealer at any time. Please note, DS Assistance applies to incidents covered by the new vehicle warranty, and non-vehicle faults, such as running out of fuel or mis-fuelling, instances where keys have been locked inside the vehicle or lost/stolen, road traffic accidents and punctures/wheel changes. Full details are available on request from DS UK via [cuk\\_contactcentre@citroen.com](mailto:cuk_contactcentre@citroen.com)

## COMPANY CAR BENEFIT-IN-KIND TAXATION CHARGES

Tax Band	CO <sub>2</sub> (g/km)	Petrol First Year VED	Diesel First Year VED
